

Fields of Omagh

Welcome to the Fields of Omagh's website.

Fields is a multiple Group 1 winning champion and loved by adoring fans. He had a long racing career and his two wins and multiple placings in one of the worlds best WFA events, the WS Cox Plate at Moonee Valley, is remarkable.

He is now retired and stabled at Living Legends and can be visited on their open days. Occassionally he too participates in parades of champions. So there is still the opportunity to see the Champ in the flesh. However, if you are not from Melbourne then this website may help relive some of the memories and bring you updates on the big fella.

Please feel free to peruse the website and look at the available photos and stories that will be added to over time.

The site is edited by Kristen Manning who is writing a book on the deeds of this super horse!
